PROFESSIONAL SUMMARY

MBA candidate with 1+ year of experience in operations management, process optimization, and KPI dashboard development. Reduced manual effort by 30% and improved reporting accuracy by 15% through workflow automation and Lean Manufacturing principles. Proficient in Power BI, SAP ERP, Value Stream Mapping (VSM), Six Sigma methodologies, and cross-functional project management. Seeking an MBA internship in Operations Management, Supply Chain Management, or Business Process Improvement.

EDUCATION

Master of Business Administration (MBA) PSG Institute of Management, Coimbatore	2025 – Present
Bachelor of Technology – Information Technology Sri Ramakrishna Engineering College, Coimbatore	2018 – 2022
Higher Secondary (12th Grade) Kamaraj Matriculation Higher Secondary School	2018
Secondary School (10th Grade) Kamaraj Matriculation Higher Secondary School	2016

INTERSHIPS

Operations Intern – Roots Industries Coimbatore, India	May 2026 – Jul 2026
- Identified operational abnormalities across automation and assembly lines by analyzing time delays, space constraints, and workflow inefficiencies using Lean Manufacturing and Kaizen principles. - Proposed process improvements including digital KPI dashboards, Standard Operating Procedures (SOPs), and tablet-based maintenance checklists to enhance operational efficiency and visibility. - Conducted Value Stream Mapping (VSM) data collection to identify waste and streamline production workflows, reducing non-value-added activities. - Gained hands-on exposure to SAP ERP, Lean Manufacturing methodologies, Six Sigma tools, and end-to-end supply chain and ERP applications.	
Associate Data Analyst – Merkle (Dentsu Group) Coimbatore, India	Feb 2022 – Mar 2023
- Engineered end-to-end workflow automation using Excel macros and the HAP utility, cutting operational effort by over 30% and freeing team capacity for higher-value strategic tasks. - Improved reporting accuracy by 15% and ensured data integrity across business-critical reports through robust quality control processes. - Built standardized KPI dashboards in Power BI and Excel to monitor operational metrics, enabling real-time visibility into product performance and SLA compliance. - Collaborated cross-functionally with marketing, technology, and client teams to streamline data handoff, reduce turnaround time, and support business process improvement initiatives.	

KEY PROJECTS

Integrated Financial Dashboard & Strategic Marketing Plan – Bright Castings

- Conducted end-to-end organizational analysis of a B2B manufacturer, identifying gaps in unstructured operational processes using SWOT Analysis and BCG Matrix frameworks.
- Proposed a phased strategy to transition the company from manual to digital systems with minimal disruption, improving project management and operational efficiency.

E-Waste & Logistics Dashboard – Green Era Recyclers

- Designed an operations dashboard tracking material flow across collection, segregation, and recycling for real-time reverse supply chain visibility and logistics optimization.

Employee Productivity & Stress Monitoring System

- Developed an ML model using behavioral KPIs to classify employee stress levels, enabling HR teams to proactively optimize workforce productivity using data analytics and predictive modeling.

SKILLS & TOOLS

Analytics & BI: Power BI, Advanced MS Excel (Macros, Pivot Tables), SPSS, Askia, MarketSight, Data Analytics, Data Storytelling, Python (Basic), SQL (Basic)

Operations & Supply Chain: Inventory Management, Demand Planning, Forecasting, Vendor Management, Logistics, ERP (SAP), Lean Manufacturing, Six Sigma (DMAIC), Kaizen, VSM, KPI Dashboards, SLA Management, Process Optimization, Project Management

Strategy & Soft Skills: SWOT Analysis, BCG Matrix, B2B Marketing, Cross-functional Collaboration, Client Management, Problem-Solving, Business Process Improvement, Agile Methodologies, Deadline Management

COURSES

- Vendor Management in Supply Chain – TCS iON
- Advanced Google Analytics – Google
- Digital Marketing – Accenture
- Service Design – Deakin University, Australia
- International Business Leadership – UCSI University, Malaysia
- Business Analytics with Excel – Microsoft
